Holiday Death Toll Starting To Mount

By THE ASSOCIATED PRESS
Traffic 23
Fires 0
Miscellaneous 1
Total 24

By THE ASSOCIATED PRESS

A flaming two-car crash that snuffed out eight lives near Cordell, Okla., started the tragic count of highway deaths for the three-day New Year's weekend.

Three children were among the eight victims of the Oklahoma crash, officially termed the worst in the state's history. One of the autos overturned and caught fire, trapping its seven passengers.

Highways generally were dry and in good winter driving condition as the weekend began. One exception was an area of New York State heavy with snow that

made driving hazardous especially around Buffalo.

The National Safety Council estimated as many as 330 persons would die in traffic mishaps before the holiday period ends at midnight Monday. It began at 5 p.m. local time Friday. Motorists were urged to use restraint and caution in drinking and driving.

The council figure is slightly under the 347 traffic deaths counted by The Associated Press in a survey of the 78-hour nonholiday period of Dec. 8-11, checked for comparative purposes.

Last weekend 524 died on the nation's streets and highways, the most for a three-day Christmas holiday period since 1955. The record toll for a three-day New Year's weekend was 374 in 1959-60. The lowest for a similar period was 269 in 1949-50.

Nuclear Tests In Atmosphere Said Imminent

Pentagon Organizes Joint Task Force In Case OK Given

WASHINGTON (AP)—The U.S. decision to resume testing of nuclear weapons in the atmosphere was described today as imminent. Informed sources spoke in terms of days or weeks, rather than months, of the time when they expect President Kennedy to give the signal.

While authorities said Kennedy has not yet made the final decision to go ahead with the tests, they expressed little doubt that he would, barring some major change in international conditions.

The impetus for a renewal of U.S. atmospheric tests after a three-year layoff stems from Russia's breaking the test moratorium last fall.

Western studies of more than 50 Russian atmospheric explosions indicate the Soviets made significant progress in triggering devices and in packing more explosive power into smaller warheads. U.S. strategists figure the West must keep its lead in nuclear arms as a deterrent against the Soviets starting a war.

The United States took a long step Friday toward preparation for the tests. The Pentagon announced a joint task force was being formed to arrange and conduct atmospheric bursts when and if Kennedy gives his approval.

Nov. 2 the President announced that the United States must prepare for the possibility of setting off above-ground nuclear blasts. Last week a joint statement by Kennedy and British Prime Minister Harold Macmillan said that preparations should be pushed.

It was understood here that arrangements have been made with the British government for use of Christmas Island, a British-controlled island in the Pacific, as a base for atmospheric testing.

Since Russia scrapped the test moratorium, the United States has gone ahead with a series of underground shots of relatively small size, according to AEC announcements, in which no fission debris was released into the atmosphere.

Soviet Chief Barred from Berlin Sector

BERLIN (AP)—The Soviet commandant in Berlin and his top political advisor have been barred from the city's American sector in reprisal for Red moves to keep U.S. officials out of East Berlin.

The action announced by the U.S. mission here today marks the first time in Berlin's postwar history that a Russian commandant has been banned from the Western sector of the divided city.

The U.S. move was aimed at forcing the Soviets to make the satellite East German Communist regime remove curbs on the movement of Americans in the Red-ruled portion of the divided city.

A U.S. spokesman said the Soviets were informed Wednesday of the bar. Since then, there has been no attempt by the Soviet commandant, Col. Andrei I. Solov'yev, to enter West Berlin.

The only crossing point officially assigned to him by the East Germans is at Friedrichstrasse's International Checkpoint Charlie on the border of the Soviet and American sectors.

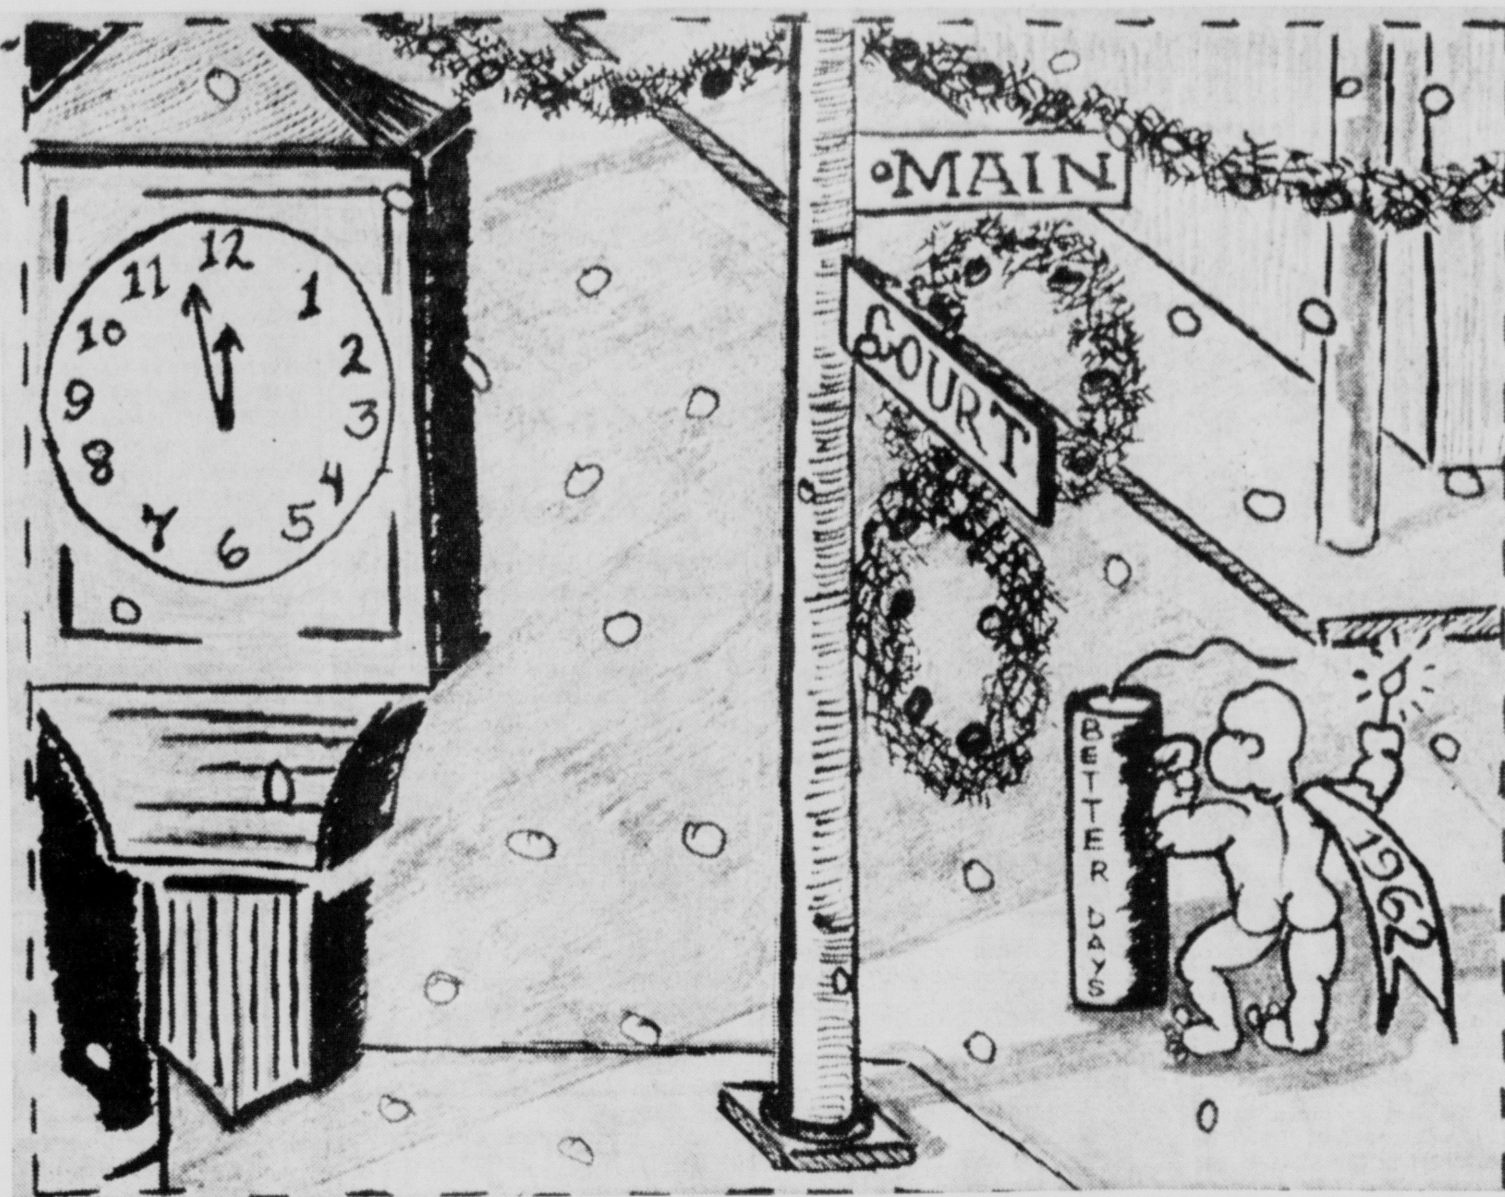

Solov'yev and his political advisors are virtually barred from all of West Berlin. They could enter through the British or French sector, but this would violate the rules of their own East German satellite.

Two incidents at Checkpoint Charlie last week touched off the American action.

The U.S. commander, Maj. Gen. Albert Watson II, canceled an appointment at Soviet headquarters in East Berlin after East German border guards refused to let three aides in civilian clothes across the border without identification.

Two days before the Watson incident, Howard Trivers, executive political officer of the U.S. mission in Berlin, was stopped by East Germans at the crossing point because he refused to identify himself. He, too, was on his way to Soviet headquarters.

Riots Erupt in Algeria

De Gaulle Plan To Move Army Out Protested

French Leader Affirms Stand African Peace Will Be Established

PARIS (AP)—President Charles de Gaulle's plan to make peace with revolt-torn Algeria as an independent nation touched off new violence today by European settlers in the African territory.

Two Moslems and a French policeman were killed in new disorders in Oran, bringing to six the number killed in that Algerian port in less than 24 hours. The city's commercial life was paralyzed by a shutdown of shops and cafes by European owners.

Hardly had De Gaulle finished his speech Friday night announcing most of the French army will be withdrawn from Algeria than riots erupted in Oran. French troops, who sometimes sided with the Europeans in the past, moved in quickly to put down the riots.

De Gaulle repeated his determination to come to terms with the Algerian nationalists in a year-end report to the people. The right-wing Secret Army Organization jammed his broadcast in Oran.

Plastic bombs—favorite weapons of the right-wing diehards—crippled or shook radio and TV relay towers at Bordeaux, Toulouse, Nîmes and Toulon in France. Bombs also went off in the Algerian city of Constantine.

The French President's announcement that the French army would be withdrawn from Algeria—"in any case"—was a severe blow to the Europeans in Algeria who have looked to the army for political as well as military support throughout the eight-year nationalist rebellion.

In Algiers Europeans felt cut off. Their statements boiled down to a feeling that now they were on their own.

But De Gaulle's pledge was taken as a sign of good faith by the Algerian nationalist leadership in Tunis. Rebel representatives have been reported engaged in secret contacts with the French for the past few weeks to lay the groundwork for a formal settlement.

De Gaulle said that once the fighting ended, France would cooperate with "a sovereign and independent Algerian state provided that France's essential interests are guaranteed for what she would be giving." He said he then would foresee "fertile relations" between France and all of North Africa.

Katanga Body Is Assembly In Name Only

ELISABETHVILLE, Katanga, the Congo (AP)—The Katanga National Assembly, which President Moïse Tshombe claims must ratify his agreement with Congo Premier Cyrille Adoula, is an assembly in name only.

Tshombe has called the Assembly into session Jan. 3. There is speculation he might use it as a maneuver to renege on the pact he signed at Kitona to unify the Congo.

Since the Assembly's inception at the time Congo got its independence from Belgium in July 1960, the number of times it has met can be counted on one hand. It is generally summoned by Tshombe as a rubber stamp for his policies. Opposition deputies walked out 15 months ago.

On Jan. 3, it is virtually certain the Assembly will act at Tshombe's bidding—either to confirm, refute or stall the Kitona agreement.

On his return from Kitona, Tshombe asserted he had signed no written agreement and said any such agreement, in any case, had to be ratified "in a democratic manner" by his Assembly.

Service Director Engineer Appointed by Mayor-Elect

City Service Director and Safety Director appointments were made today by Mayor-elect Richard W. Penn.

Ronald M. Sharrett will assume the office of Service Director and Miller Fissell will retain his position as Circleville's Safety Director, Penn announced today.

The new Service Director will take over his office after January 8. According to a statute the political appointment must be made not before the first Monday of the year and no later than the first Monday in February; January 8 and February 5, respectively.

Sharrett, presently residing in Chillicothe, will relocate here as soon as a residence can be acquired. Statute requires city officials to reside within the voting area.

A 1950 graduate of Pickaway Twp. High School, he is the son of Mr. and Mrs. Harry R. Sharrett, Route 1, Kingston. He graduated from Ohio State University in 1956 with a Bachelor of Science in Civil Engineering.

Since his graduation, the 29-year-old civil engineer has been employed by the C. F. Replogle Company, a local construction firm.

Sharrett is registered with the Ohio State Board of Professional

Engineers and Surveyors and a member of the Southern Ohio Chapter of Ohio Society of Professional Engineers.

The new Service Director and

RONALD M. SHARRETT

his wife, the former Rita Ratcliffe of Chillicothe, and two sons, Ronald, 5, and Raul, 3, are planning to move here "shortly after the first of the year."

An annual salary of \$7,500 for a civil engineer was approved by City Council on December 5.

Sharrett indicated today that he would outline a program for 1962 soon after he goes into office next month.

William H. (Harlow) Arledge is the present Service Director appointed by Mayor Ben Gordon.

Mayor-elect Penn said that Fissell would be retained as Safety Director. . . "in view of the fine job he has done since his appointment under former Mayor Robert Hedges in the mid-1950's."

Facts Behind Cuban Death Kept Secret

WASHINGTON (AP)—The U.S. government is keeping secret a report on the mysterious death of a Cuban worker at the U.S. Navy base at Guantanamo Bay, Cuba, informed sources said today.

They reported that the Navy has completed a month-long investigation into the death of the worker, Ruben Lopez, whose body was found Oct. 15 in a shallow grave inside the base.

The sources said no charges had been filed. It has been reported that two Marines were detained at Camp Lejeune, N.C., in connection with the investigation. The Defense Department has acknowledged that an investigation was in progress, but neither would confirm nor deny reports the Marines were held.

Officials refused to make public a security-screened summary of the investigation findings.

Cuba has alleged that Lopez was beaten and tortured to death by American personnel at the U.S. base, which is at the eastern end of Cuba.

On Oct. 17, the Pentagon issued a six-line statement saying Lopez' body had been found two days earlier, that his wife was being notified and that an investigation was being conducted.

A week later, the Cuban Foreign Ministry demanded the immediate delivery to Cuba for trial of "members of the North American armed forces" it said were responsible for the death of Lopez.

Kennedy Eyes Coming Session

Top Aides Present For Conference

PALM BEACH, Fla. (AP)—President Kennedy put increased emphasis today on getting his legislative program in shape for the next session of Congress.

On hand, among others, were: His chief writing aide, Theodore C. Sorensen, White House special counsel, and Lawrence F. O'Brien, presidential assistant for congressional affairs. O'Brien's role is to drum up support on Capitol Hill for Kennedy's legislative proposals.

Kennedy got down to work on the legislative program with a conference Friday night at the oceanfront mansion where he is staying.

Earlier he had received a report of improvement in his father's condition. He also took his wife, Jacqueline, and daughter Caroline, along with some other members of the family, for a two-hour cruise aboard the Honey Fitz.

Despite the chilly weather, Kennedy sat without a topcoat on the afterdeck of the presidential yacht.

U.N. Ambassador Adlai E. Stevenson filed with the President a long report of the results of the first part of the 16th U.N. General Assembly, some of it somber.

He said the recent armed attack by India on Goa and the inability of the Security Council to deal with such use of force quickly "reminds me of the dangerous tendency of nations to apply one law in one part of the world or toward one group of states, and a different law to others."

Kennedy received the most cheering news so far since his father, Joseph P. Kennedy, 73, suffered a stroke on Dec. 19. The former ambassador's physicians reported to the President "marked improvement" in his father's condition.

Tourists Remain

MOSCOW (AP)—Two Russian-born American tourists have decided to remain the Soviet Union rather than return to the United States, Tass reported today.

The two were identified by Tass as Galina Vasko, a woman, and her male companion, Danilo Danko.

The Soviet news agency did not list their places of residence in the United States but stated that the woman had lived in America for 22 years.

Rusk Places Vital Emphasis On U. S. Position in Berlin

WASHINGTON (AP)—Secretary of State Dean Rusk said today that the West is determined to defend its vital interests in West Berlin "at whatever cost."

This decision, Rusk said, "remains the basis on which we intend to explore the possibilities of a peaceful resolution of the Berlin crisis."

Rusk made these remarks in a speech for a meeting of the American Historical Association.

The Soviets, Rusk declared, have to understand the West's determination to remain in Berlin—"if peace depends on clarity, the other side must not be allowed any dangerous illusion."

Americans, he said, should remember President Kennedy's warning that "if there is one path above all others to war, it is the path of weakness and disunity."

The secretary hailed what he called the shaping of a new and unified Western Europe and its partnership with the United States.

He conceded, though, that there are differences of opinion on such questions as the colonial problem.

Rusk said that although the Western world can not underestimate the capacity of the Com-

munist system, a comparison of achievements would show that it is the West, and not the East, which "constitutes the more vital center."

As to whether the United States and its allies have the capacity to deal with Communist techniques applied in the underdeveloped areas, Rusk conceded that the Soviet succeeded in opening "four significant holes" in recent years.

These, he said, were in Laos where the forces of the Communist Pathet Lao moved to the south; in Viet Nam where Communist guerrilla forces have increased from 2,000 in 1959 to more than 16,000; in the Congo where, Rusk said, the Communists are seeking to establish an African base; and in Cuba where a Communist regime was installed.

He said the United States is giving increased attention to what he called this new form of political-military aggression, but added:

"I cannot report to you that we have fully solved these problems. I do believe that we have made some headway, but they remain on the list of unfinished business."

U. S. Denies Tshombe Charge Of Interference during Talks

WASHINGTON (AP)—The United States says Katanga President Moïse Tshombe's charges of interference against U.S. Ambassador Edmund A. Gullion are untrue and may be propaganda to justify a repudiation of the Congo peace agreement.

In a telegram to President Kennedy, Tshombe accused Gullion of interfering in the Congo talks and of urging the United Nations to resume military action against Katanga.

At a news conference Friday, State Department press officer Lincoln White read a reply that he said was being issued with the full knowledge of Kennedy.

The State Department statement reaffirmed U.S. confidence in Gullion and called on Tshombe to carry out the agreement made Dec. 21 at Kitona between him and Congo Prime Minister Cyrille Adoula.

The U.S. statement said in part: "Ambassador Gullion was involved in the Kitona talks because Mr. Tshombe appealed to President Kennedy to help halt the fighting in Katanga and arrange a meeting between Mr. Tshombe

Cold Ushers In New Year

Florida Growers Fear Damage to Crops

By THE ASSOCIATED PRESS

The New Year's weekend dawned chilly across the nation Saturday with freezing temperatures forecast as far south as Miami.

While parts of New York State and New England worked to clear snow accumulations from Thursday's and Friday's big fall, fruit and vegetable farmers in Florida and the Gulf Coast braced for possible crop damage.

Temperatures high in the Smoky Mountains dropped to two below zero Thursday night and zero readings were forecast early Saturday. About two feet of snow fell in the mountains during the week.

In Florida, sub-freezing temperatures were expected today for Dade—Miami—County's multi-million-dollar vegetable industry and the citrus belt in the central section of the state. Citrus men, however, said the mercury would have to plunge to 25 degrees and stay there several hours to damage grapefruit and orange trees.

Readings of 17 to 20 were reported in northern Florida between Tallahassee and Cross City. Farmers resorted to smudge fires and partial flooding for protection against the cold.

Early Friday temperatures that ranged from 23-30 in northern Florida and 32-36 in the South apparently only helped the citrus crop. Cold colors and sweetens oranges, grapefruit and tangerines. However, scattered damage was reported to young truck crops.

Renewed frost and freeze warnings were out early Saturday for northern Mississippi and Louisiana.

Generally rising temperatures were predicted for the rest of the South Saturday and Sunday. Most of the rest of the nation shivered in freezing temperatures that ranged down to around zero in the Midwest, where clear, crisp weather was the rule. Joliet, Ill., recorded -4 early today, Chicago hit -1.

Snow hit the Buffalo, N.Y., area for the second straight day, dumping 6 inches of new snow in that section of the state during the night. The 12-inch accumulation caused a raft of traffic tieups.

Skies were clear over most of the nation's southern half where temperatures ranged into the 40s in the Southwest and the 50s in southern California. Fog veiled much of California's interior valley region.

No Paper Monday

The Herald will not be published on Monday in order for employees to enjoy the New Year's holiday with their families.

Regular features and comics which would normally appear in Monday's edition will be published in Tuesday's.

Despite the chilly weather, Kennedy sat without a topcoat on the afterdeck of the presidential yacht.

U.N. Ambassador Adlai E. Stevenson filed with the President a long report of the results of the first part of the 16th U.N. General Assembly, some of it somber.

He said the recent armed attack by India on Goa and the inability of the Security Council to deal with such use of force quickly "reminds me of the dangerous tendency of nations to apply one law in one part of the world or toward one group of states, and a different law to others."

Kennedy received the most cheering news so far since his father, Joseph P. Kennedy, 73, suffered a stroke on Dec. 19. The former ambassador's physicians reported to the President "marked improvement" in his father's condition.

Tourists Remain

MOSCOW (AP)—Two Russian-born American tourists have decided to remain in the Soviet Union rather than return to the United States, Tass reported today.

The two were identified by Tass as Galina Vasko, a woman, and her male companion, Danilo Danko.

The Soviet news agency did not list their places of residence in the United States but stated that the woman had lived in America for 22 years.

Rusk Places Vital Emphasis On U. S. Position in Berlin

WASHINGTON (AP)—Secretary of State Dean Rusk said today that the West is determined to defend its vital interests in West Berlin "at whatever cost."

This decision, Rusk said, "remains the basis on which we intend to explore the possibilities of a peaceful resolution of the Berlin crisis."

Rusk made these remarks in a speech for a meeting of the American Historical Association.

The Soviets, Rusk declared, have to understand the West's determination to remain in Berlin—"if peace depends on clarity, the other side must not be allowed any dangerous illusion."

Americans, he said, should remember President Kennedy's warning that "if there is one path above all others to war, it is the path of weakness and disunity."

The secretary hailed what he called the shaping of a new and unified Western Europe and its partnership with the United States.

He conceded, though, that there are differences of opinion on such questions as the colonial problem.

Rusk said that although the Western world can not underestimate the capacity of the Com-

munist system, a comparison of achievements would show that it is the West, and not the East, which "constitutes the more vital center."

As to whether the United States and its allies have the capacity to deal with Communist techniques applied in the underdeveloped areas, Rusk conceded that the Soviet succeeded in opening "four significant holes" in recent years.

These, he said, were in Laos where the forces of the Communist Pathet Lao moved to the south; in Viet Nam where Communist guerrilla forces have increased from 2,000 in 1959 to more than 16,000; in the Congo where, Rusk said, the Communists are seeking to establish an African base; and in Cuba where a Communist regime was installed.

He said the United States is giving increased attention to what he called this new form of political-military aggression, but added:

"I cannot report to you that we have fully solved these problems. I do believe that we have made some headway, but they remain on the list of unfinished business."

U. S. Denies Tshombe Charge Of Interference during Talks

WASHINGTON (AP)—The United States says Katanga President Moïse Tshombe's charges of interference against U.S. Ambassador Edmund A. Gullion are untrue and may be propaganda to justify a repudiation of the Congo peace agreement.

In a telegram to President Kennedy, Tshombe accused Gullion of interfering in the Congo talks and of urging the United Nations to resume military action against Katanga.

At a news conference Friday, State Department press officer Lincoln White read a reply that he said was being issued with the full knowledge of Kennedy.

The State Department statement reaffirmed U.S. confidence in Gullion and called on Tshombe to carry out the agreement made Dec. 21 at Kitona between him and Congo Prime Minister Cyrille Adoula.

The U.S. statement said in part: "Ambassador Gullion was involved in the Kitona talks because Mr. Tshombe appealed to President Kennedy to help halt the fighting in Katanga and arrange a meeting between Mr. Tshombe

Cold Ushers In New Year

Florida Growers Fear Damage to Crops

By THE ASSOCIATED PRESS

The New Year's weekend dawned chilly across the nation Saturday with freezing temperatures forecast as far south as Miami.

While parts of New York State and New England worked to clear snow accumulations from Thursday's and Friday's big fall, fruit and vegetable farmers in Florida and the Gulf Coast braced for possible crop damage.

Temperatures high in the Smoky Mountains dropped to two below zero Thursday night and zero readings were forecast early Saturday. About two feet of snow fell in the mountains during the week.

In Florida, sub-freezing temperatures were expected today for Dade—Miami—County's multimillion-dollar vegetable industry and the citrus belt in the central section of the state. Citrus men, however, said the mercury would have to plunge to 25 degrees and stay there several hours to damage grapefruit and orange trees.

Readings of 17 to 20 were reported in northern Florida between Tallahassee and Cross City. Farmers resorted to smudge fires and partial flooding for protection against the cold.

Early Friday temperatures that ranged from 23-30 in northern Florida and 32-36 in the South apparently only helped the citrus crop. Cold colors and sweetens oranges, grapefruit and tangerines. However, scattered damage was reported to young truck crops.

Renewed frost and freeze warnings were out early Saturday for northern Mississippi and Louisiana. Generally rising temperatures were predicted for the rest of the South Saturday and Sunday.

Most of the rest of the nation shivered in freezing temperatures that ranged down to around zero in the Midwest, where clear, crisp weather was the rule. Joliet, Ill., recorded -4 early today, Chicago had -1.

Snow hit the Buffalo, N.Y., area for the second straight day, dumping 6 inches of new snow in that section of the state during the night. The 12-inch accumulation caused a raft of traffic tieups.

Skies were clear over most of the nation's southern half where temperatures ranged into the 40s in the Southwest and the 50s in southern California. Fog veiled much of California's interior valley region.

No Paper Monday

The Herald will not be published on Monday in order for employees to enjoy the New Year's holiday with their families.

Regular features and comics which would normally appear in Monday's edition will be published in Tuesday's.

15 Years of Sales Tax Work To End for Mrs. Fausnaugh

At Desk With Tax Stamps

By RON COFFMAN
On a chill New Year's Day, 1947, Mrs. Fausnaugh, 115 Seyfert Ave., celebrated by becoming acquainted with the mechanics of her new job.

Fifteen years to the day after she was hired as an aide to the Pickaway County Treasurer, her job will end by state decree.

Mrs. Fausnaugh, a short woman with brown hair and a warm smile, is one of hundreds throughout Ohio who have kept the state's mammoth sales tax stamp program functioning. Jan. 1, 1962, marks the end of a long and controversial history for the little blue-green stamps. Payments will be made directly to the state.

It also marks the end of an era

in which Mrs. Fausnaugh has handled untold millions of dollars in stamp revenue with a remarkable record of accuracy. "Her books have never been a penny off balance in 14 years," stated Mrs. Fausnaugh, who became a state examiner. It is a signal distinction in an area where bookkeeping problems are gargantuan and absolute accuracy often viewed as a fond illusion.

FOR MRS. Fausnaugh, though, the record is not unusual. Since her graduation from Salter Creek Twp. High school in 1922, she has handled the books of three major financial operations without difficulty.

She was an assistant in the Tilton Post Office six years before going to Circleville Cussins and Fearn store as chief bookkeeper for eight years. She became a Treasury staff member during former Treasurer Bob Colville's second of five terms, and has been there ever since.

During the 14-year period Mrs. Fausnaugh has watched the tax stamp income rise steadily as business expanded. During 1961 she sold an average of \$2,000 stamps each day, more than double the average in 1947.

About \$50,000 of the stamps remain on hand, but most of these will be gone "by the time we close the books for good," Mrs. Fausnaugh said. She explained many firms purchased large quantities of stamps now to balance records for the year.

"Flo," as she is known to all Court House personnel, will still be a familiar sight in the Treasurer's office, though. Her boss, Robert Wood, promised "We will keep her busy with many duties. Freeing Flo from sales tax means we won't have to employ as much special help during rush periods."

But, after 14 years, it will seem strange not to see Mrs. Fausnaugh in her usual efficient pose as she tallies the bundles of tax stamps bound by rubber bands and stacked for counting and boxing at her desk.

Truck, Salt, Cinders And All Are Stolen

CLEVELAND (AP) — What can you do with five tons of salt and cinders?

That's the problem for a thief who took that loot, along with a truck Friday night. The loaded spreader was parked with its motor running by the driver, Reilly Hagler, and his helper, Leroy Pettigrew. They stopped for coffee.

When they returned a few minutes later, the truck was gone. The street commissioner would appreciate its prompt return.

Elderly Woman Puzzled over Poison Attempt

EVANSVILLE, Ind. (AP) — A respected Evansville businessman was free on bond today, while an 81-year-old nursing home patient said she couldn't believe he had tried to poison her.

"They all thought a lot of me — all the Krausses," said Emma E. Miller. The elderly woman referred to the Krauss brothers who operate a laundry here.

Ralph Krauss, 53, was arrested Friday on a warrant charging he sent a box of strychnine-coated chocolates to Miss Miller, who had named him beneficiary of a \$2,000 life insurance policy. He appeared before a federal commissioner and was released on \$2,000 bond.

Miss Miller worked at the Krauss laundry 20 years before retiring in 1954. She had made Krauss beneficiary in 1940 if he would pay the premiums.

In Indianapolis, U.S. Atty. Richard P. Stein said Krauss had been traced through handwriting on the wrapping of the candy. He said the box was mailed to Miss Miller July 9, 1960.

Dorothy Jordan, 36, a nurse aid credited with saving Miss Miller's life, said the box of chocolates had arrived July 9 before lunch. She said Miss Miller ate one piece after brushing off what appeared to be mold.

"Later when I returned," Mrs. Jordan said, "she complained she didn't feel well and her legs felt numb. I noticed the candy looked like it had talcum powder on it. I tasted a piece, and it was the bitterest thing I ever tasted. I didn't swallow it."

The nurse said she took the candy away without revealing her suspicions to Miss Miller. "We later learned there was enough strychnine in the box to kill everyone at the home," she said.

Wildcats Win Top Spot in Own Tourney

Laurelville gained the championship of its own tournament last night, dropping Union Furnace 54-42 as Max Young hit 23 points.

The best Furnace effort came from Edwards, with 17 counters. Mercer tallied seven, Miller, four, Davis, six and Hinerman eight for the losers.

John Young and Tatman each collected eight counters for Laurelville, while Johnston also got eight, Whisler five and Kempton two.

The winning Wildcats led 14-11 after the opening quarter and held Union Furnace to four points the second stanza while advancing to a 27-15 lead. In the third period the Wildcats led 37-26.

DARBY'S Trojans pounded Jackson Twp. 71-34 in the consolation match as Darwin Conley poured through 22 tallies and Paul Kreider notched the high score with 24. Chuck Brown had 17 and Vance and Garner hit four each.

For Jackson Larry Beard kept pace with 14, Martindale, Clifton and Sines hit five each, Cornwell and Maughmer hit two and Rudd contributed a single point.

Pickerington Crown Goes To AC Aces

Amanda-Clearcreek ripped past Pickerington 69-55 last night to win the crown of the annual Pickerington Holiday Invitational.

The Aces were paced by Smith with 22 points. Anderson hit 17, Gary Young 14, Barr seven, Darrell Young four, Butterbaugh two and Beugher, Stalder and Hampshire one each in the triumph.

Morrison and Wolfe led Pickerington's scoring with 15 tallies apiece. Amanda claimed a 16-10 opening quarter lead and soared to a 35-22 advantage at the half.

After the third period the Aces led, 54-36, and toyed with their hosts the rest of the way. In the consolation bout Canal Winchester turned back Carroll, 51-41.

Plant Purchased

CLEVELAND (AP) — Diamond Alkali Co. has purchased the Archer-Daniels-Midland Co. plant on a 41-acre site in Ashtabula Township for a price reported as more than \$1 million.

The Archer chemical operations formerly housed in the plant recently moved to Peoria, Ill. The plant will become part of Diamond's research organization and will be known as the semi-works. It will manufacture chemicals for market development. Operations are expected to start in May and go into full production by late summer.

NAACP Barred In Alabama

Temporary Injunction Is Made Permanent

MONTGOMERY, Ala. (AP) — A State circuit court judge has made permanent a 5-year-old temporary injunction that barred the National Association for the Advancement of Colored People from operating in Alabama.

The ruling late Friday came just four days before the deadline for action set by the U.S. Supreme Court.

Judge Walter B. Jones issued the decision a few hours after the conclusion of a three-day hearing. He took note of the Supreme Court's order to act by Jan. 2 and said it "prevents this state court at this time from writing a full opinion in the case." He added, "This court does now reserve the right at a future date to state in an opinion its full and complete findings of fact and its ruling on the law in this case."

Attorneys for the NAACP said before the decision that a ruling against the organization would be appealed.

Jones' three-page written decree said the NAACP "has been and continues to do business" in Alabama despite the temporary order issued in June 1956. He also held that the organization operated in the state in violation of an Alabama law that requires out-of-state corporations to register.

Jones ordered the NAACP and its agents, employees, attorneys, "and all persons in active concert or participation" with the organization to stop carrying on any intrastate activities.

The order banned the group from organizing or controlling branches in Alabama and from exercising any of its corporate functions "except such as may be protected by the interstate commerce clause" of the U.S. Constitution.

State Atty. Gen. MacDonald Gallion pointed out that, under the order, the group could have an employee living in the state so long as all business handled by the employee, such as correspondence and phone calls, crossed state lines.

CHECKING THE FIGURES — Lewis Hay (left) and Hoyt Martin look over a chart board denoting the anticipated Pickaway County Farm Bureau membership for 1962. The goal has been set at 610. An annual membership kickoff meeting has been scheduled Jan. 8 at the local office.

Farm Bureau Membership Set At 610; Kickoff Meet Slated

Pickaway County Farm Bureau membership for 1962 has been set at 610.

Initial efforts to attain this figure will reach full swing Jan. 8 at a membership drive meeting scheduled at the Farm Bureau office on E. Main St. The goal for 1962 was set last night during a meeting of FB officials.

Here is a breakdown of expected members by township: Circleville, 76; Darby 34; Deercreek 39; Harrison, 50; Jackson, 38; Madison, 32; Monroe, 21; Muhlenberg, 14; Perry, 26; Pickaway, 64; Salt Creek, 31; Scioto, 31; Walnut, 69; Washington, 45; and Wayne, 40.

A meeting in recognition of the coming membership drive is scheduled for Jan. 18. It will be a family pot-luck supper, with all workers and wives invited.

FARM BUREAU spokesmen said they hope to reach their member goal by the time of the annual meeting which is slated the latter part of January.

Officials noted that an open period for the Security Hospitalization Plan will be effective for new members under 65 from Jan. 15 to Feb. 15.

Deaths

MR. EDWARD H. HIGMAN

Mr. Edward H. Higman, 72, of Williamsport, died at 1 p. m. yesterday at the home of his sister, Mrs. Harry Puffinbarger.

He was born March 7, 1890, in Deercreek Twp., the son of William J. and Matilda McGath Higman.

Mr. Higman, a life-long resident of Pickaway County, was a retired carpenter.

He is survived by: three sisters, Mrs. May Stephens, Clarksburg; Mrs. Ethel Haynes, Los Angeles, Calif.; and Mrs. Lena Puffinbarger, Williamsport; and a brother, Charles Higman, also of Williamsport.

Services will be at 2 p. m. tomorrow in the Hill Funeral Home with the Rev. Donald Humble officiating. Burial will be in Springlawn Cemetery.

Friends may call at the funeral home.

Attending the meeting at the local office last night were T. M. Glick, president; Chester Noecker, vice president; Mrs. Dorsey Bumgarner, secretary; and Hoyt Martin, Lewis Hay, Mrs. Pauline Costlow, Loring Leist, J. B. Stevenson, Harold Schein, T. E. McFadden, Miss Ethel Brobst and Paul Northrup.

Deputies Assist Hocking Officers In Theft Probe

The Pickaway County Sheriff's Department assisted Hocking County Sheriff's deputies yesterday in a search for a man who reportedly stole between \$5,000 and \$7,000 from a Laurelville - area resident.

Charlie Paxton, of near Laurelville, reported to Hocking County authorities that a man posing as an electrician took a cashbox containing between \$5,000 and \$7,000 from his home yesterday about noon.

Paxton said the man made off with the money after sending him to the basement for some parts for the repair of a wall lamp.

Sheriff Spangler said that his department assisted Hocking County officers in tracing auto registrations and the investigation at the Paxton residence.

Both departments are continuing the search today for three subjects believed involved in the theft.

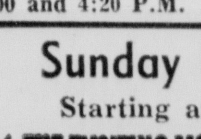

Berger Hospital Treats One Injury

A 12-year-old Williamsport youth who was playing with a sling shot which slipped and struck him on the face was treated and later released at Berger Hospital's Emergency Room yesterday.

Darrell Morgan, son of Mr. and Mrs. Sam Morgan, was treated for a laceration of his left eyebrow following the accident at his home.

Homemaker News

By MRS. KOLEN WRIGHT

Home Economics Agent

You have no doubt heard of people contesting wills with, many times, unhappy results. Perhaps you know someone who has lost a loved one and there was no will. The results are unfortunate.

Do you know what there is involved in having or not having a will? Do you know how much inheritance tax there is on an estate in Ohio? Do you know that laws differ from state to state concerning wills?

There are many things we need to know about wills. After all, a will may make the difference in the security of a family.

The County Home Demonstration Council will sponsor a meeting for the public on the topic "Wills — Their Importance in

Family Security," on Jan. 10. It will be in the Circleville Methodist Church starting at 8 p. m.

JUDGE Guy G. Cline and Robert Huffer, Pickaway County, prosecuting attorney will be the speakers. Their thorough talks will cover these topics:

1. When is a will desirable?
2. Statutory requirements pertaining to the execution of a will.
3. Methods of changing a will.
4. Extent to which joint tenancy with right of survivorship theory is accepted by Ohio Courts with regard to real estate, personal property, bank accounts and other points.
5. The probate of a will including the time, place and manner of probating.
6. Statutory requirements to be met for those people serving as executor.
7. Inheritance tax schedule applicable to estate in Ohio and time payment of said tax.
8. Consequences of not making a will (statute of descent and distribution).

This service is offered free. Spread the word around to friends and bring them to the meeting. Whether you are young or old, whether your estate is small or large, whether you have children or not, a will is a means to family security.

Annual Beef Banquet Set January 8

By GEORGE HAMRICK
County Extension Agent,
Agriculture

The annual Pickaway County beef banquet will be Jan. 8, at the Jackson Township School starting at 7 p. m.

All persons interested in beef production in any form are invited to attend this event. Reservations should be made at the County Extension office by phoning GR 4-5828.

Clyde Keathley, radio personality, will show pictures that were taken on the Ohio Cattle Feeders tour to Virginia last summer. They were taken in the Tazewell County mountain areas of Virginia, Washington and Pulaski Counties, the Valley of Virginia and the Capital Boulevard in Fauquier and Loudoun Counties.

Professor George Wilson of Ohio State University will also speak on cattle feeding problems. He will place special emphasis on vitamin feeds for beef cattle.

The annual election of officers will be held, including the selection of a director to the Ohio Cattle Feeders Association. Each township director of the Pickaway County Beef Improvement Committee will be named.

Corn Borer On Decrease

By GEORGE HAMRICK
County Extension Agent,
Agriculture

Ohio's European corn borer population is the lowest in 31 years, according to a recent survey conducted by entomologists of the Ohio Agricultural Extension Service and the Ohio Agricultural Experiment Station.

B. D. Blair, extension entomologist, says the survey indicates a state average of only 15.1 borers per 100 plants, compared to 71.9 borers per 100 plants a year ago. This year's monetary loss from borer damage, based on an October market price for corn of \$1.01 a bushel, is estimated at \$632,099.

This figure is more than \$2,900,000 under estimated losses in 1960.

Blair credits the state's low corn borer population to weather conditions and the wider use of borer resistant hybrids. Weather conditions last spring discouraged borer larvae from becoming established, the entomologist notes.

Among the counties surveyed, Putnam County had the highest corn borer count — 102 per 100 plants. No borers were found in Champaign, Miami or Franklin Counties.

FARM

The Circleville Herald, Sat. December 30, 1961
Circleville, Ohio

Animals Lead Farm Income

Dairy Cattle Yield Top Cash Returns

Again in 1960, the dairy cow earned the largest single share of farming's cash receipts, according to figures of the United States Dairy Association.

The monthly milk check brought \$4,736,664,000 to dairymen while the sale of dairy cattle brought an estimated additional \$1,775,000,000. These two figures total \$6,511,664,000, which accounted for 19.1 per cent of cash receipts from all farm products.

The next greatest slice of farm income came from beef cattle and calves. The \$5,620,641,000 cash receipts from this source accounted for 16.5 per cent of the total. In third place was poultry, including eggs, broilers, turkeys, farm chickens and other poultry.

This source accounted for \$3,283,451,000 or 9.7 per cent of the farmers' total cash receipts. In fifth place was the hog industry with \$2,856,918,000 which was 8.4 per cent of the total.

THESE FIGURES indicate how animal agriculture today dominates farm income. The largest non-animal agriculture source of farm cash receipts was feed crops. It was in fourth place with 8.6 per cent of the total. Cotton was sixth with 7.0 per cent.

Total cash receipts of farmers in 1960 were recorded by the USDA at \$24,013,554,000. Of this amount, more than \$18 billion came from livestock, poultry and dairy products.

Farm Facts . . .

By GEORGE HAMRICK
County Extension Agent,
Agriculture

NET FARM income in 1962 probably will be maintained near the 12.7 billion dollar level of 1962. Volume of all farm marketings will be about the same as last year, according to Ohio State University Extension Economists.

ALFALFA SEEDLINGS get a good start when they have plenty of phosphorus, say Ohio State University Extension Agronomists.

BIRDS DEPEND on nature's ladders for food throughout the year, but in winter they may be hard pressed when sleet and snow cover berries and seeds.

U. S. DEPARTMENT of agriculture experiments are underway to see if temperatures of about 150 to 225 degrees Fahrenheit boost the value of cattle feeds, according to the Agricultural Research Service.

SINCE MANY diseases can live over in seed, it is unwise for the home gardener to save seed from his own garden unless the seed is known to be free from disease, say Ohio State University Extension Plant pathologists.

CANADA THISTLE is a perennial. It may reproduce seeds or by root runners, according to Ohio State University Extension entomologists.

THE KIND and amount of pruning for fruit trees is determined by the type of fruit, age, and variety.

OSU Agronomist Is Scheduled at Forage Institute

An Ohio State University Extension Agronomist will show farmers in this area a five step route to high forage yields at a "Forage Institute" scheduled 10 a. m. Jan. 26, in the 4-H and Grange Building at the Pickaway County Fairgrounds.

Dr. O. L. Musgrave, director of the university's soil testing laboratory and one of four speakers to appear on the institute program,

O. L. MUSGRAVE

lists these steps to high forage yields: (1) use proper seed mixture; (2) secure good stand with high yield potential; (3) fertilize and lime for maximum production; (4) harvest at the right time; (5) check yields to measure performance. He will discuss each of these steps at the institute.

The agronomist will offer suggestions on how to get a good forage stand, which legume and grass to use in a seeding mixture and how to determine the right harvest schedule to follow for quality hay production. He will present research results to show the importance of liming and fertilization and will show farmers simple procedures for checking forage performance.

George Hamrick, county extension agent, says other speakers who will appear on the program are C. D. McGrew, extension dairyman, and W. R. Schnug and J. D. Blicke, extension agricultural engineers.

The institute, Hamrick says, is designed to acquaint farmers in this area with the latest information in forage production and handling methods. It is one of 16 such meetings being held in Ohio during January and February.

Liquor Agents Plan To Try New Approach

COLUMBUS, Ohio (AP)—Liquor Enforcement Chief Ivan W. Smith said Friday that his agents would try for a more direct approach to tavern operators and their problems in the 22-county Columbus district next year.

Smith told Gov. Michael V. DiSalle's cabinet meeting that he hoped to extend the program throughout the state as part of a gradual enforcement re-organization evolved this year.

"The agents will deal directly with tavern owners and if that doesn't work, they will turn to the local police," he said.

The enforcement chief expressed the hope that agents in that way could help bars with their permit problems as well as with enforcement of liquor regulations.

After the legislature turned down an administration plan for an FBI-type enforcement staff, personnel in his division have been upgraded until a staff of 77 now is doing more work than 88 investigators formerly handled, Smith said.

He expressed the hope that agents could have more permanent assignments and live at home under the new program.

Smith explained that long assignments away from home are a hazard for married investigators and that some of them have become alcoholics in line of duty.

"Alcoholism is virtually an occupational disease in our department," Smith said. "You can't send a man to cheap hotels and cheap taverns day after day, away from his home and his family, and not have it affect his life. I don't believe the state of Ohio expects this forever from these men."

Smith said he said he contemplated creation of about 50 sub-districts within the seven Ohio enforcement districts and to have resident agents assigned to them. He added that undercover work would be done by younger men who were not known in the areas.

Hindu Prediction Labeled Nonsense By Astronomers

NEW YORK (AP)—Thank your lucky stars!

An official of the Hayden Planetarium dismisses as "nonsense" the prediction of Hindu astrologers that the human race will be destroyed next February.

"It's the same kind of gobbledygook astrologers have been handing out for thousands of years," says James S. Pickering, assistant astronomer of the planetarium.

Astronomers — serious students of the heavenly bodies—traditionally explode like dying stars when the question of astrology comes up.

Astrologers—who try to predict the future by the stars as they move across the various constellations — traditionally note that their art is older and consider astronomers upstarts.

In India right now Hindu priests are in the process of chanting sacred verses and offering sacrifices in an effort to avert what they consider imminent disaster.

Hindu astrologers say a catastrophe is imminent because of a forthcoming inauspicious combination of the planets in the constellation of Capricorn now approaching.

They predict things will start going from bad to worse next month, with the catastrophe itself occurring between Feb. 3 and 5. Among the prophecies of doom are world war, widespread plague and earthquakes.

The Republic of Indonesia ranks as Southeast Asia's biggest and most populous nation. Its 92 million people represent a dozen ethnic groups, scattered across some 3,000 equatorial islands.

Dollar Pressure in Sight

With indications that the federal deficit this fiscal year may be \$9 billion instead of \$7 billion — which had been the most recent prediction — Western European economists are reported to be warning Washington that danger signals are flying. These are the economists who warned Treasury Secretary Dillon at Geneva last summer that the U. S. must get its fiscal house in order if international pressures on the dollar were not to increase. There is growing belief in Europe that a U. S. inflationary trend will develop if current fiscal conditions continue. Unless the drift into larger and larger deficits is curbed, financiers are convinced, international pressures against the dol-

Buck Rogers Realism

Either the author of the "Buck Rogers" of a few years ago has been put in charge of U. S. military research and development, or all scientists were brought up on the comic strip. One by one, the fantastic devices that Buck used in conquering the world's forces of evil and then of the same in outer space, from Mercury to Pluto, are coming into existence. Television, radar, space ships, flying belts — and now the "death ray."

Remember how Buck used to aim his "disintegrator gun" at his enemies and with a "Blam!" they'd evaporate? Well,

Soviet Jokester

The Soviet ambassador to the United States, Menshikov, spoke to the National Press Club in Washington. He said free elections have been held in East Germany and therefore the matter of self-determination has been taken care of. Also, that the communist mid-Berlin wall was erected to prevent Western spies from escaping

Mixups in Management

American industry was built by individuals investing their savings in enterprises, nurturing them, occasionally combining with other enterprises, expanding out of earnings, taking out limited profits and putting savings and reserves back into the business. It was a private enterprise, designed to provide a profit but conducted prudently to guard against a risk turning into a failure.

This is the capitalist system. It is often called the profit and loss system. Its essential is that the enterprise is privately owned and originally was owned by those who managed it; latterly widely owned by individuals unrelated to management. Its growth depended upon the character, sincerity and ability of those who owned the enterprise. Ownership and management were identical. The final responsibility rested in ownership. However, as the corporation developed and as management began to assume the responsibility of ownership, the nature of industrial management changed.

Ownership became diverse and diffuse. Paid employees, assumed increasing authority, sometimes in disregard of the law, weakening initiative and absorbing parts of the profits by excessive wages, expenses, and other devices to entrench themselves in power.

In recent years, management has often neglected the principal function of the business which is to earn a profit for the owners, by burying earnings and other increase of an enterprise's value by purchasing other enterprises by the exchange of stock. It is often

lar will increase. Already money is beginning to move into Swiss investments. President Kennedy has directed his lieutenants to curb spending at every possible point but there is no evidence of widespread compliance. Secretary Ribicoff, most vocal of the President's aides in backing his economy directive, now wants to spend more money on relief instead of less.

Advance predictions of the size of the budget the President will present to Congress do not bear out an economy trend. It will be higher than this year's budget. Progress toward balancing the budget depends upon the responsibility Congress assumes in next year's appropriation bills.

Dr. Karl L. Kober of the Martin Co. plant in Denver discloses that such is possible. It is called the "X-weapon."

The death ray would be similar to a solar furnace, the concentration of a heat beam in excess of 100,000 degrees Fahrenheit, up to a million degrees. It will be ready for tests by 1963.

Of course, at first the death ray would be usable only in outer space and at great expense. But with man's genius for improving on life's destructive aspects, scientists should soon be able to make it available so that nations can use it against other nations.

back to West Germany.

The audience roared with laughter. It appears that the man who earned the nickname during one of Moscow's relatively friendly eras of "Smiling Mike" may now be ready to join the circus. Certainly his credentials as a clown have stood a good test.

A HANDFUL OF GOOD WISHES FOR THE COMING NEW YEAR

JOE MOATS MOTOR SALES 213 Lancaster Pike

difficult to ascertain why Company B, obviously profitable, sells itself to another company, sometimes less profitable than Company B.

Often an acquisition is really an exchange of power within an enterprise without disclosing the shift of control. Sometimes the acquisition includes prosperous and unprofitable enterprises, the expectation being that by the acquisition the unprofitable enterprise will be buried. Sometimes, all these combinations are managed for a tax advantage, the management of the two companies taking advantage of the ownership which only reads of the astonishing rise of prospective annual income.

The emphasis on management is unsound and gives strength to those who should be subordinate employees. The emphasis on management has grown beyond reason and tolerance. Management only is legally responsible for the affairs of a company to the extent that it serves on the Board of Directors which represents ownership.

The trick devised here is the appointment of an Executive Committee which usually consists of senior officers of management who meet between Directors' meetings and act for them. The Executive Committee often usurps the authority of the Board of Directors but none of its responsibilities. Theoretically, the Executive Committee meets because it is smaller and more mobile than the Board of Directors and can put over devices which the Board would resist, but which a Board can never ratify because steps have been taken and commitments undertaken from which withdrawal would be costly and, in fact, inappropriate. Thus management uses the Executive Committee to turn a Board of Directors into drones or into a crony Board.

Thus, the Executive Committee hurls a report on the table which should take many hours to study. Somebody moves that the report be approved as read; the fact however is that the report is approved unread, unstudied, unscrutinized — the lust for bigness, the

LAFF-A-DAY

"It's unbelievable, Ethel—I just jacked the car up and the flat fixed itself."

Try and Stop Me
By BENNETT CERF

THE HOST AND HOSTESS suddenly announced to a visiting couple that they had six or seven reels of color film taken on their trip through the White Mountains that they were prepared to show, and hustled off to the rumpus room to set up the equipment.

The visiting husband regarded his wife balefully. "Well," he barked, "don't just sit there! Develop a sudden nosebleed or something!"

A high school girl, dancing with the school hero, captain of the basketball team, froze when her chief rival for his affections glided into view.

"Say," observed the school hero. "Nancy's got a new hair-do! And I kind of like pony tails, too."

The high school girl angrily added her two cents' worth. "I'll say one thing for her," she snapped. "She certainly has the face for it!"

Inside You and Yours
By BURTON H. FERN, M. D.

Do you know how to weigh body temperature?

If not, that fever thermometer can be a two-edged sword, cutting deeply when you lean on it too much. When checking for fever, consider:

Who: Mouth temperature doesn't always average 98-99 degrees F. Often it ranges over 101 or below 97 degrees F. People differ.

Where: The rectal temperature averages 1/2 to 1 degree higher than the mouth. The under-arm reading runs 1 degree lower.

What: Chewing and smoking raise mouth temperature; cold pop and ice cream lower it. But the rectal reading remains normal, unless the heat of an inflamed fissure sends the mercury up.

When: Temperature usually reaches high tide in late afternoon and dips lowest in early morning. Working the night shift may reverse this tide.

Weather: On scorching days the mouth thermometer often reads 101 or more, while icy winter can drive the mercury below 97.

Did What: Muscular exercise raises thermometer readings. After a Little League game, with the sun melting the diamond, Junior's temperature may reach 102. If he'd been watching a double-feature — especially in an air-conditioned theater — he'd be fever-free.

How Old: The brain's automatic thermostat takes years to run smoothly. Premature babies have to be heated in incubators, with air-cooling systems for summer.

An ordinary cold can skyrocket a child's temperature. So can bundling a baby in heavy blankets at the first sniffle. A feverish toddler who kicks off his blankets in a cool room may show no fever.

As you near social security, your average temperature may drop down to 97. Now, 99 degrees F. means fever!

What Medicine: After aspirin, fever usually dips one or two degrees — sometimes more. Now your temperature doesn't reflect your true condition. When the aspirin wears off in 4 hours, you'll know.

And So: When deciding whether to call the doctor, don't depend on temperature alone. It's often overrated. After all, you may have rinsed the thermometer in hot water!

Dr. Fern's mailbox is wide open for letters from readers. While he cannot undertake to answer individual letters, he will use readers' questions in his column whenever possible and when they are of general interest. Address your letters to Dr. Fern in care of this newspaper.

Mixups in Management

By George Sokolsky

American industry was built by individuals investing their savings in enterprises, nurturing them, occasionally combining with other enterprises, expanding out of earnings, taking out limited profits and putting savings and reserves back into the business. It was a private enterprise, designed to provide a profit but conducted prudently to guard against a risk turning into a failure.

This is the capitalist system. It is often called the profit and loss system. Its essential is that the enterprise is privately owned and originally was owned by those who managed it; latterly widely owned by individuals unrelated to management. Its growth depended upon the character, sincerity and ability of those who owned the enterprise. Ownership and management were identical. The final responsibility rested in ownership. However, as the corporation developed and as management began to assume the responsibility of ownership, the nature of industrial management changed.

Ownership became diverse and diffuse. Paid employees, assumed increasing authority, sometimes in disregard of the law, weakening initiative and absorbing parts of the profits by excessive wages, expenses, and other devices to entrench themselves in power.

In recent years, management has often neglected the principal function of the business which is to earn a profit for the owners, by burying earnings and other increase of an enterprise's value by purchasing other enterprises by the exchange of stock. It is often

difficult to ascertain why Company B, obviously profitable, sells itself to another company, sometimes less profitable than Company B.

Often an acquisition is really an exchange of power within an enterprise without disclosing the shift of control. Sometimes the acquisition includes prosperous and unprofitable enterprises, the expectation being that by the acquisition the unprofitable enterprise will be buried. Sometimes, all these combinations are managed for a tax advantage, the management of the two companies taking advantage of the ownership which only reads of the astonishing rise of prospective annual income.

The emphasis on management is unsound and gives strength to those who should be subordinate employees. The emphasis on management has grown beyond reason and tolerance. Management only is legally responsible for the affairs of a company to the extent that it serves on the Board of Directors which represents ownership.

The trick devised here is the appointment of an Executive Committee which usually consists of senior officers of management who meet between Directors' meetings and act for them. The Executive Committee often usurps the authority of the Board of Directors but none of its responsibilities. Theoretically, the Executive Committee meets because it is smaller and more mobile than the Board of Directors and can put over devices which the Board would resist, but which a Board can never ratify because steps have been taken and commitments undertaken from which withdrawal would be costly and, in fact, inappropriate. Thus management uses the Executive Committee to turn a Board of Directors into a drone or into a crony Board.

Thus, the Executive Committee hurls a report on the table which should take many hours to study. Somebody moves that the report be approved as read; the fact however is that the report is approved unread, unstudied, unscrutinized — the lust for bigness, the

tinized. The result is hurried and unjustified action.

The cause for much of this is show - offness of bigness. The worthiness of an enterprise is to be measured by its profits not by its so-called size or growth. Profits prove competent management and prudent operations.

When management absorbs too great a share of the earnings in disregard of the interests of ownership and the reserves of the enterprise, the business is badly managed. Those engaged in acquisitions have to be watched closely because this word, acquisitions, is a blanket for all sorts of queer practices, including the shifting of the control-power of an enterprise without regard to the protection of ownership. If fact, ownership may find itself out of control without knowing what has happened for some time. The reason for this is that in a company with a large and diffuse ownership, management can move swiftly to concentrate power through small devices and when the Board wakes up to what has been done, it dares not disclose the trick lest it embarrass itself by admitting inefficiency and neglect.

All this is to be watched closely if business is not to be hamstrung in the United States.

Circleville Garden Club To Attend Invitational Meet

The Prairie Gardeners of Columbus have extended an invitation to members of the Circleville Garden Club to attend an annual open meeting in Columbus. The meeting is scheduled to begin at 8 p. m. Thursday, Jan. 4, in the club rooms of the City National Bank Bldg., 3100 W. Broad St.

Honored guest and speaker will be Mr. Wilbur J. Garmhausen of Chillicothe. Mr. Garmhausen is chief landscape architect for the State of Ohio. His topic will be "Planting and Planning the Johnny Appleseed Highway."

As a salute to Johnny Chapman (Johnny Appleseed) the hostess club is planning an Invitational Four-Class Flower Show during the open meeting.

The show class schedule includes

First — "Summer Souvenirs" — Dried materials from past gardens.

Second — "Mid-Winter Beauty" — Evergreens. (Either the narrow or the broadleaf with its fruit, berries or cones).

Third — "Two In One Or Empty Purse" — A tray arrangement of fruit and foliage to serve as a buffet centerpiece featuring apples.

Fourth — "May Peace Reign Over All" — A white arrangement suggesting peace and tranquility. (Accessories permitted.) — Florist materials not necessary. A desert course, consisting of pies baked from club members' favorite recipes, will be served at the close of the evening.

AUDREY LEE SABINE

Sabine-Hawkes Engagement Is Announced

Mr. and Mrs. Harry E. Sabine, 620 S. Pickaway St., announce the engagement of their daughter, Audrey Lee, to Ronald L. Hawkes, son of Mr. and Mrs. Frank Hawkes, 343 E. Franklin St.

Miss Sabine is a 1960 graduate of Circleville High School and is associated with the local DuPont Company.

Mr. Hawkes is a 1958 graduate of Circleville High School and is employed at the General Electric Company.

No definite date has been set for the wedding.

Darbyville WSCS Enjoys Yuletide Meet

The December meeting and Christmas party of the Darbyville WSCS was held recently in the gaily decorated home of Mrs. Mary Pearl, Route 3, with 12 members and two guests present for the event.

The meeting was opened by the president, Mrs. Shirley Streitenberger who conducted the devotional period.

During the business session, Mrs. Wendell Neff was elected treasurer of the society to replace Mrs. John Eitel Jr. who resigned.

Following the short business meeting, a program was presented by Mrs. Audrey Bowman. She gave a selection of readings from the "Methodist Woman."

After an exchange of gifts, a dessert course was served by the hostess.

The January meeting of the group will be held in the home of Mrs. Maxine Brigner, Route 1, Williamsport.

Personals

Afternoon guests on Christmas Day of Mr. and Mrs. Albert Marshall, Route 2, Ashville, were Mr. and Mrs. Gene Marshall and children, Jodie and Jeff; and Mr. and Mrs. Ed Dailey, all of Columbus. A holiday house guest of the Albert Marshalls is their granddaughter, Miss Teena Brenton of Columbus.

Mr. and Mrs. William Ebersole, 1074 Lynwood Ave., will be hosts for a cocktail party at 9 p. m. this evening preceding the Mistletoe Ball. Invited guests include: Mr. and Mrs. Dan Crabtree, Mr. and Mrs. Robert Lund, Mr. and Mrs. and Mrs. John Roll and Mr. and Mrs. Merle Turner Jr. Following the dance, the Turners will host a breakfast in their home at 1169 Lone Pine Road.

Miss Betty Jane Carlile, Columbus, is spending a week as house guest of her sister and family, Mr. and Mrs. Ed Hixenbaugh and son, Billy, 100 Highland Ave.

Mr. and Mrs. Lyn E. Ballard, Morristown, N. J., and Mr. and Mrs. David D. Ballard and daughter, Lisa Lyn, Abilene, Texas, have

returned to their homes after a ten-day visit with their parents, Mr. and Mrs. Richard J. Ballard, Tarleton.

Calendar

TUESDAY

Ever add anchovy fillets to a shrimp salad? Different and good! Cut the anchovies in small pieces and dress the salad with French dressing instead of mayonnaise.

Dear Abby...

By Abigail VanBuren

A Husband's Hideout

DEAR ABBY: My husband has worked for the government for almost four years and I have never set foot in his office. I have never met his boss or seen any of the people he works with. He says that wives just don't go to their husbands' offices. I know lots of women who go to their husbands' offices all the time. I wouldn't make a pest of myself. I just want to see where he works and meet some of the people he works with. Why should a man's office life and home life be distinct and separate?

SMALL COMPLAINT

DEAR SMALL: Some wives DO visit their husbands' offices too frequently, but knowing how eager you are to see it, he should invite you to drop in for a few minutes. Don't nag him. Just

mention it every time he's in a good mood.

DEAR ABBY: My brother-in-law (he is married to my sister) has a young brother that I like a lot. But he won't date me because he thinks we are "related." In fact he calls me his "cousin." (I am 18 and he is 20.) My parents and everyone else tell me that we are NOT related in a way that would keep him from dating me, or even marrying me if he wanted to. Can you tell me if my parents are right? If they are, how can I convince him of it?

Heat canned green asparagus spears and drain; serve with Hollandaise sauce for a festive course at a party dinner.

Child Conservation League Has Annual Yule Silver Tea

The Child Conservation League held its annual Christmas Silver Tea recently in the home of Mrs. Philip Hardy, 826 N. Court St.

The event was attended by invited guests of the active, associate and charter members of the organization.

The guest speaker, Mrs. George Nelson of Columbus, was introduced by the program chairman, Mrs. Roger May. Mrs. Nelson, who holds a doctorate in Psychology, formerly taught at Ohio State University and State University of Iowa. She spoke on the topic "Enjoy Your Children."

The guest speaker stressed that parents should maintain a humanitarian point of view toward their children and discussed many

points in regard to pre-schoolers through the teen-age period.

Following Mrs. Nelson's talk, a question and answer period was conducted.

After the program, a social hour was enjoyed by the members and their invited guests. The tea table was adorned with a centerpiece featuring a Della Robia wreath centered with a three branch candelabrum entwined with Christmas greenery. Mrs. Walter Ehmling, Mrs. James Carr and Mrs. Walter Yamerick presided at the tea table.

Mrs. Kenneth R. Hannan was chairman of the tea committee. She was assisted by Mrs. Richard Moore, Mrs. William Rickey and Mrs. P. H. Hardy.

Why Not Prepare Roast Pork For Family New Year's Day?

By ALICE DENHOFF

Your family might enjoy a beautifully arranged roast pork for dinner on New Year's Day.

To decorate a board on which to serve the roast, cut designs from holiday wrapping papers, and place them along the sides of a wooden bread board, in the corners or around the entire edge of board. Cover with cellophane tape to hold securely. Place roast on board and carve.

If the pork is served on a platter, it looks gay garnished with 12 cinnamon apples.

FESTIVE ROAST PORK PLATTER

2 2-in. cinnamon sticks
2 c. sugar
1/2 c. light corn syrup
1/2 c. water
Red food coloring

Place all ingredients, except food coloring and apples, in a medium-sized saucepan. Bring to boil, stirring constantly, and boil 1 min. Add food coloring.

Core and peel apples. Drop 4 apples into mixture. Apples will float. Simmer until tender, turning apples frequently until evenly colored.

Remove and repeat with remaining apples.

Or you might like to serve some minted apples, in which case just follow directions for making cinnamon apples, substituting green food coloring for the red and adding 4 to 5 drops of oil of peppermint to the hot mixture.

A garnish of alternate green and red apples makes as festive a platter as anyone could wish but if the family is partial to canned pears, you might use this garnish:

With a melon ball cutter, cut balls from mint and currant jelly. Fill centers of some of the canned pear halves with mint and the rest with currant jelly and alternate around the pork roast.

Now, how about dressing up a holiday ham?

Cut "poisnetias" from 7-oz can of whole pimientos. Arrange 3 or 4 poisnetias on glazed fat side of ham, securing with toothpicks.

Use green pepper pieces for stems, leaves and centers of flowers.

And after the ham has been served as a holiday dish, use any leftover meat in a salad.

HAM SALAD

2 c. diced cooked ham
1 c. diced celery
1/2 c. finely chopped sweet pickle relish
1 green pepper
Salt
Mayonnaise
Salad greens
Radishes
Combine diced ham, celery and

Circleville Garden Club To Attend Invitational Meet

The Prairie Gardeners of Columbus have extended an invitation to members of the Circleville Garden Club to attend an annual open meeting in Columbus. The meeting is scheduled to begin at 8 p. m. Thursday, Jan. 4, in the club rooms of the City National Bank Bldg., 3100 W. Broad St.

Honored guest and speaker will be Mr. Wilbur J. Garmhausen of Chillicothe. Mr. Garmhausen is chief landscape architect for the State of Ohio. His topic will be "Planting and Planning the Johnny Appleseed Highway."

As a salute to Johnny Chapman (Johnny Appleseed) the hostess club is planning an Invitational Four-Class Flower Show during the open meeting.

The show class schedule includes

First — "Summer Souvenirs" — Dried materials from past gardens.

Second — "Mid-Winter Beauty" — Evergreens. (Either the narrow or the broadleaf with its fruit, berries or cones).

Third — "Two In One Or Empty Purse" — A tray arrangement of fruit and foliage to serve as a buffet centerpiece featuring apples.

Fourth — "May Peace Reign Over All" — A white arrangement suggesting peace and tranquility. (Accessories permitted.) — Florist materials not necessary. A dessert course, consisting of pies baked from club members' favorite recipes, will be served at the close of the evening.

AUDREY LEE SABINE

Sabine-Hawkes

Engagement
Is Announced

Mr. and Mrs. Harry E. Sabine, 620 S. Pickaway St., announce the engagement of their daughter, Audrey Lee, to Ronald L. Hawkes, son of Mr. and Mrs. Frank Hawkes, 343 E. Franklin St.

Miss Sabine is a 1960 graduate of Circleville High School and is associated with the local DuPont Company.

Mr. Hawkes is a 1958 graduate of Circleville High School and is employed at the General Electric Company.

No definite date has been set for the wedding.

Darbyville
WSCS Enjoys
Yuletide Meet

The December meeting and Christmas party of the Darbyville WSCS was held recently in the daily decorated home of Mrs. Mary Pearl, Route 3, with 12 members and two guests present for the event.

The meeting was opened by the president, Mrs. Shirley Streitenberger who conducted the devotional period.

During the business session, Mrs. Wendell Neff was elected treasurer of the society to replace Mrs. John Eitel Jr. who resigned.

Following the short business meeting, a program was presented by Mrs. Audrey Bowman. She gave a selection of readings from the "Methodist Woman."

After an exchange of gifts, a dessert course was served by the hostess.

The January meeting of the group will be held in the home of Mrs. Maxine Brigner, Route 1, Williamsport.

Dear Abby...

By Abigail VanBuren

A Husband's Hideout

DEAR ABBY: My husband has worked for the government for almost four years and I have never set foot in his office. I have never even met his boss or seen any of the people he works with. He says that wives just don't go to their husbands' offices. I know lots of women who go to their husbands' offices all the time. I wouldn't make a pest of myself. I just want to see where he works and meet some of the people he works with. Why should a man's office life and home life be distinct and separate?

SMALL COMPLAINT

DEAR SMALL: Some wives DO visit their husbands' offices too frequently, but knowing how eager you are to see it, he should invite you to drop in for a few minutes. Don't nag him. Just

mention it every time he's in a good mood.

DEAR ABBY: My brother-in-law (he is married to my sister) has a young brother that I like a lot. But he won't date me because he thinks we are "related." In fact he calls me his "cousin." (I am 18 and he is 20.) My parents and everyone else tell me that we are NOT related in a way that would keep him from dating me, or even marrying me if he wanted to. Can you tell me if my parents are right? If they are, how can I convince him of it?

LIKES SOMEONE

DEAR LIKES: Your parents are right. If you have to CONVINCE him of that fact that is so obvious, forget him.

DEAR ABBY: Please tell me

how to refuse, without being rude, an invitation to be best man at a wedding. The circumstances are as follows: The man works in the same office with me. We are friendly, but far from close. I have never met any of his relatives personally, but I know that he has three brothers he could have asked. The girl he is marrying also has two grown brothers. Putting it bluntly, I would feel entirely out of place being the best man at this wedding and I wish he had never asked me. Thank you.

FEELING TRAPPED

DEAR FEELING: Your friend obviously feels "closer" to you than you feel to him, but if you would feel "out of place," simply thank him for the honor and decline.

CONFIDENTIAL TO "OVER 21"

Your husband is next to being the biggest fool in the world. But if you let him get away with it — you're the biggest.

Are things rugged? For a personal reply, write to Abby, Box 3365, Beverly Hills, Calif., and don't forget a stamped, self-addressed envelope.

Heat canned green asparagus spears and drain; serve with Hollandaise sauce for a festive course at a party dinner.

Tigers Tomahawked, 44-41, By Indian Hardcourt Crew

OOPS — Freddie Moore, Tiger battler, collides with Indian player while chasing the ball in 44-41 Circleville loss. Moore tallied one point, but defended well for coach Jack Weikert's Bengals.

By RON COFFMAN
Circleville's on-again-off-again basketball Tigers, hot as a fire-cracker last Friday in running over Greenfield 78-52, tumbled to icebox ineffectiveness as Hillsboro eaked out a 44-41 South Central Ohio League victory last night before an average holiday crowd in the CHS gym.

The Tigers, tripped for the fifth time in seven outings this season, managed only a chill 22 per cent of their shots from the floor, hitting 14-62. Hillsboro's hard-charging offense racked up 19 of 64 for a none-too-impressive 29 per cent.

A slight difference in timing

spelled doom for coach Jack Weikert's Red and Black hoopers. Hillsboro moved just a bit more quickly downcourt on offense and

snapped off plays and passes with the edge of precision needed to grab its third SCOL decision in five starts.

Paving the way to the Indians' triumph was John Cummings, the better half of a brother combination completed by Ferris, with seven counters. John cracked the Bengal defense for 17 points, most of them coming on driving layups or tips.

BOB WAPLE and Jim Wellington, the long and short of it on Tiger offense, led Circleville's scoring with 10 counters apiece. No one hit well for CHS, with pivot man Sam Weller held to just five points after leading his team's scoring in previous games.

The opening and end of the contest looked much better as far as Circleville rooters were concerned than the mid-portion. The Tigers started with a five - point spree on three fouls on a long set shot by Wellington before Hillsboro had cracked the bucket.

John Cummings quickly proved why he is rated the Indian's most valuable cager, though, deftly dropping in the first 10 HHS markers to take the visitors into a 10-9 lead.

After Freddie Moore battled through three consecutive jump balls only to lose the tip to 6'6" Fred Cluff Hillsboro picked up steam to go into the second quarter with a 13-11 advantage.

Wellington brought the Tigers back to a 17-17 tie with about five minutes left in the first half, and a long jump by Waple with 2:25 to go sent the hosts ahead, 19-17.

Cluff pumped through a bullet-like jumper with less than two minutes on the clock to deadlock the match 21-21 and a foul shot by John Cummings after Cluff's rebound tip-in pushed Hillsboro to a 24-21 lead. George Trego notched one of his two field goals in the final 35 seconds to bring Circleville to within one marker entering the second half.

THE COVERS closed over both

ON WAY UP — Garold Dade of Circleville is goalward bound against Hillsboro last night. (Photos by Ron Warren)

squads' goals for more than two minutes of the third stanza as each team muffed four basket opportunities before John Cummings ripped through a rebound two-pointer.

The bottom dropped from under Circleville then, as the Tigers' punch and precision faded before a renewed Hillsboro onslaught. The Indians adopted a wait-and-drive attack that served to boost them to a 39-31 lead as the quarter ended.

Slower Circleville faltered behind by 11 markers early in the fourth period before six rapid-fire foul successes brought them to a point trailing by only 44-39. Trego collected his second goal for the Tigers' 40th and 41st counters, but the spark came too late to light a victory blaze as Hillsboro stalled out the final seconds.

A sure best is that Circleville will be working on ball handling this week in preparation for Wilmington Jan. 5 after watching Cummings and Cluff outandle and out-rebound the Tiger five most of the way.

In the reserve test Tom Tottle and Dave Bass notched 13 points each to lead Circleville to a 52-39 win over the Indian reserves.

Broncos Drop WCH, 72-52

Ashville's Broncos, with four players hitting double figures, uncorked a 72-52 victory at Washington C. H. last night, their seventh in a row without loss this season.

Leading the Broncos was Tom Rathburn with 20 counters on nine field goals and two free throws. Dick Hollenback hit 19 while Dan Hollenback had 12 and Sonny Roof 11.

Washington, unable to come back after being down 18-8 at the end of the first quarter, was led by Powell with 14 counters. Thomas had 13.

Ashville led, 32-19, at the half and commanded a 49-33 advantage after three periods. In the reserve test Washington gained a measure of satisfaction by dropping Ashville, 63-56.

ASHVILLE T. Rathburn, 9-20; J. Rathburn, 2-4; Dick Hollenback, 7-5; Dan Hollenback, 6-12; Roof, 3-4-11; Hartley, 1-0-2. Totals 23-16-72 WASHINGTON C.H. Rebound Shot Gives Braves Sixth Victory

Logan Elm, with Roger Clark tipped in a rebound in the final 15 seconds of play, edged Columbus Whetstone, 50-49, last night to claim its sixth victory in seven games this season.

Clark grabbed a missed shot by leading scorer Chuck Spangler and

dropped it in for the deciding marker. Spangler had kept Logan Elm in the contest with a 21-point spree on eight field goals and five charity tosses.

Dan Hicks backed him with 10 points, most of the shots under the basket. Spangler hit on jumps from the outside area. Chuck Islay led Whetstone in its second defeat with 14 counters on seven field goals.

Logan Elm led 18-12 after the initial period but stumbled as the Columbus team went ahead 27-25 at the half. The Braves returned

ed to a 37-35 advantage going into the final stanza.

In the opening match, Logan Elm was dropped 44-30 by the reserves of Whetstone.

Lamar Tech Wins Tangerine Bowl

ORLANDO, Fla. (AP) — Lamar Tech of Beaumont, Tex., is 1961 Tangerine Bowl football champion at the expense of Middle Tennessee, 21-14, after a game that drew 6,000 spectators despite near-freezing temperatures.

Quarterback Win Herbert went 52 yards in the first period for a touchdown that put Lamar Tech ahead 7-0. The Cardinals got another TD in the second quarter when guard Lindley King fell on a ball that bounced wild in the end zone after a kick that fell short on the Middle Tennessee field.

Middle Tennessee countered in the third on a 32-yard pass from quarterback Jerry Pearson to end George Dykes.

Broncos Drop WCH, 72-52

Ashville's Broncos, with four players hitting double figures, uncorked a 72-52 victory at Washington C. H. last night, their seventh in a row without loss this season.

Leading the Broncos was Tom Rathburn with 20 counters on nine field goals and two free throws. Dick Hollenback hit 19 while Dan Hollenback had 12 and Sonny Roof 11.

Washington, unable to come back after being down 18-8 at the end of the first quarter, was led by Powell with 14 counters. Thomas had 13.

Ashville led, 32-19, at the half and commanded a 49-33 advantage after three periods. In the reserve test Washington gained a measure of satisfaction by dropping Ashville, 63-56.

OOPS — Freddie Moore, Tiger battler, collides with Indian player while chasing the ball in 44-41 Circleville loss. Moore tallied one point, but defended well for coach Jack Weikert's Bengals.

ON WAY UP — Garold Dade of Circleville is goalward bound against Hillsboro last night. (Photos by Ron Warren)

By RON COFFMAN

Circleville's on-again-off-again basketball Tigers, hot as a fire-cracker last Friday in running over Greenfield 78-52, tumbled to icebox ineffectiveness as Hillsboro eaked out a 44-41 South Central Ohio League victory last night before an average holiday crowd in the CHS gym.

The Tigers, tripped for the fifth time in seven outings this season, managed only a chill 22 per cent of their shots from the floor, hitting 14-62. Hillsboro's hard-charging offense racked up 19 of 64 for a none-too-impressive 29 per cent.

A slight difference in timing

In Memoriam

In loving memory of our dear husband and father, Harold Roy Jones, who passed away 2 years ago Dec. 30, 1959.
Daddy, you left a beautiful memory of goodness and kindness unfaded, and for us who have loved and lost you. That memory can never grow old. Sadly missed by Mother, and daughters.

Buckeye, USC Clash Heads Cage Wrapup

The classic clash of mighty Ohio State and challenging Southern California tonight heads the wrapup program of college basketball's most hectic week — the holiday tournament season.

Finals in at least 13 major tournaments are on tap from Maine to California and from Florida to Oregon.

The big one takes place in Los Angeles where Ohio State and host Southern Cal play for the Los Angeles Classic. The Buckeyes (9-0), the nation's No. 1 team, are deep and talented. Led by Jerry Lucas, they generally are regarded as strong or stronger than the Ohio State team that was upset in the NCAA finals last year.

They face possibly their biggest challenge of the regular season in the fourth-ranked Trojans. Southern Cal (9-1), headed by John Rudometkin, didn't lose a letter man from the team that finished seventh in the nation last season.

Other finals are scheduled in the Quaker City at Philadelphia, Holiday Festival in New York, Sugar Bowl in New Orleans, Big Eight in Kansas City, Pointsett at Greenville, S.C., Motor City at Detroit, Evansville at Evansville, Ind., Queen City at Buffalo, N.Y., Gulf South at Shreveport, La., and the Far West at Portland, Ore.

Among Friday night's features were the fall of DePaul from the unbeaten list, a free-wheeling, bench-clearing fight and the award of titles in a flock of tourneys.

DePaul was dumped 70-60 by St. Bonaventure in a first-round game in the Motor City affair, reducing the list of unbeaten major teams to four — Ohio State, Mississippi State, Villanova and Seton Hall. All but Seton Hall, which is not playing in a tournament, will be in action tonight.

Among the other windups were the Sun Carnival at El Paso, Tex., with Texas Western bombing New Mexico 73-55 for the championship; the Hurricane at Miami, Fla., with Temple beating Miami (Fla.) 85-67, and the Gator Bowl with Virginia Tech taking Florida 78-69. Bowling Green surprised Houston 47-45 in the finals of the All-College at Oklahoma City.

PIN BRIEFS

The classic clash of mighty Ohio State and challenging Southern California tonight heads the wrapup program of college basketball's most hectic week — the holiday tournament season.

Finals in at least 13 major tournaments are on tap from Maine to California and from Florida to Oregon.

The big one takes place in Los Angeles where Ohio State and host Southern Cal play for the Los Angeles Classic. The Buckeyes (9-0), the nation's No. 1 team, are deep and talented. Led by Jerry Lucas, they generally are regarded as strong or stronger than the Ohio State team that was upset in the NCAA finals last year.

They face possibly their biggest challenge of the regular season in the fourth-ranked Trojans. Southern Cal (9-1), headed by John Rudometkin, didn't lose a letter man from the team that finished seventh in the nation last season.

Other finals are scheduled in the Quaker City at Philadelphia, Holiday Festival in New York, Sugar Bowl in New Orleans, Big Eight in Kansas City, Pointsetta at Greenville, S.C., Motor City at Detroit, Evansville at Evansville, Ind., Queen City at Buffalo, N.Y., Gulf South at Shreveport, La., and the Far West at Portland, Ore.

Among Friday night's features were the fall of DePaul from the unbeaten list, a free-wheeling, bench-clearing fight and the award of titles in a flock of tournaments.

DePaul was dumped 70-60 by St. Bonaventure in a first-round game in the Motor City affair, reducing the list of unbeaten major teams to four — Ohio State, Mississippi State, Villanova and Seton Hall. All but Seton Hall, which is not playing in a tournament, will be in action tonight.

Among the other windups were the Sun Carnival at El Paso, Tex., with Texas Western bombing New Mexico 73-55 for the championship; the Hurricane at Miami, Fla., with Temple beating Miami (Fla.) 85-67, and the Gator Bowl with Virginia Tech taking Florida 78-69. Bowling Green surprised Houston 47-45 in the finals of the All-College at Oklahoma City.

PIN BRIEFS

Thursday Classic
High individual one game — C Dunkle, with 234; top individual three matches — R. Callihan, 626 at Prairie Lanes.

Best team singles — Wiedemann Beer, with 964; high team series — Jack's Tavern, with 2,730.

Wed. Independent
Top individual singles — Mike Brown, with 5; high individual three contests — Art McGran and Wendell Emerine (tie) with 582 at Prairie Lanes.

Best team singles — Gambirinus Beer, 912; high team three games — Blue Ribbon Dairy No. 1, with 2,520.
